

The Grenadines, *finally.*

The charter you scoped in 2020 is **booked**: three couples (and counting) on a Sunsail 454L out of Port Louis, **Thursday 15 → Friday 23 April 2027**. This is your working guidebook — the voyage day by day, every anchorage and dinner table, post-Beryl ground truth, and the countdown to lines-off.

BOAT	CREW	DATES	THE VOYAGE
Sunsail 454L Leopard 45 · 4 cab · A/C · watermaker	6 confirmed · cabin 4 open	Apr 15–23 8 nights · full moon Apr 20	~151 nm · Grenada ☞ Mustique

--- Northbound · Apr 16–19 --- Homeward · Apr 20–23 ○ Overnight anchorage

◆ Charter base / clearance ● Kick 'em Jenny exclusion zone

Seven years later, you're going.

The 2020 charter is finally on the books — dates locked, boat assigned, crew of eight. Every stop on the chain is **open for business** post-Beryl (the fingerprints that remain are flagged in §1). What follows is the working guidebook: the voyage day by day, the tables worth booking, and everything to do before wheels-up.

BOOKED & CONFIRMED

Three couples, a Leopard 45, and the full Grenadines loop.

Check in Thursday afternoon at Port Louis, sail north through the Cays to Mustique and Bequia, and ride the **20 April full moon** back south through a lobster barbecue in the Tobago Cays to a final-night snorkel over the Molinere sculptures.

CREW MANIFEST — 4 CABINS, 4 HEADS

Six confirmed, one cabin open

Every couple gets a queen cabin with its own head. One cabin is still up for grabs.

CABIN 1

Jared & Cristina

CABIN 2

Matt & Jo

CABIN 3

Tom & Paige

CABIN 4

Open — couple #4 saves everyone \$440

THE SHAPE OF THE WEEK

Slow up, moon-lit back

Northbound Apr 16–19 in short lee-side hops (nothing over 33 nm), turning at **Bequia**. Homeward Apr 20–23 rides the full moon: Romeo's barbecue in the Cays, Sandy Island, and a sculpture-park finale at Dragon Bay.

WHAT'S STILL ON YOU

Three bookings make the trip

Mustique's mooring (limited, mandatory — call the Harbour Master), **Romeo's BBQ** for the full-moon night, and **flights with the Tue/Wed arrival buffer**. The countdown in §7 has dates and phone numbers.

THE CABIN-4 MATH

Recruit like it's worth \$880 — because it is

A fourth couple drops the boat from **\$1,759 to \$1,319 per person** and thins every shared cost. As six you sail roomier — bags get their own cabin. Both are great trips; settle it before final payment (~Jan 2027) so the provisioning and Romeo headcounts are real.

▲ POST-2020 REALITY — READ FIRST

Hurricane Beryl (Cat 4, 1 July 2024) put its eyewall directly over Carriacou, Petite Martinique, Union and Mayreau — ~95% of homes on Carriacou/PM destroyed. By 2026 the marine spine (clearance, moorings, fuel, key restaurants) is recovered or well-recovered, but a handful of your 2020 venues are unconfirmed and **Salt Whistle Bay's sand spit and bars are still being rebuilt**. Full stop-by-stop status in §1.

What survived, what changed, what to phone ahead.

Researched mid-2026, projected ~33 months post-storm to April 2027. Verdicts are conservative. Anything tagged **CONFIRM** needs a call or a VHF hail on the day.

STOP	APRIL 2027 VERDICT	WHAT'S BACK	WATCH / CONFIRM
Tyrrell Bay, Carriacou clear-out / clear-in point	● VIABLE	"Green again" by 2025; customs office at the marina; fuel & provisioning; Las Iguanas & Lambi Queen open.	Some dismayed wrecks may linger in the bay. Lazy Turtle & Slipway status CONFIRM .
Clifton, Union Island SVG clear-in	● VIABLE	Customs/immigration functional — temporary office behind Bougainvillea Bar. AYC marina open (VHF 68), Erika's agents, ferry + new terminal running.	Town still storm-marked (roofs, debris). Happy Island rebuilding — hail on VHF to confirm it's serving.
Salt Whistle Bay, Mayreau	● LIKELY — VERIFY	EC\$2.1M spit restoration underway; "yachties set sail as restored" reporting. Robert Righteous rebuilding.	The famous sand-spit & sheltered pool may not be fully back. Fallback: Saline Bay (Dennis's Hideaway) same island.
Tobago Cays Marine Park the marquee stop	● FULLY VIABLE	Mooring field in use; Romeo's BBQ operating (VHF "Romeo"); fees now paid online (tcmp.reefsupport.org).	Reef still recovering post-Beryl + bleaching; Petit Tabac anchoring zone removed. Manage snorkel expectations on damaged sections.
Petite Martinique	● ANCHORAGE ONLY	Viable as an anchorage / cultural stop; Business Reactivation Fund rebuilding livelihoods.	Palm Beach Restaurant CONFIRM . No reliable yacht fuel — fuel at Tyrrell Bay or Port Louis instead.
Sandy Island • Chatham Bay	● VIABLE	Sandy Island a fine snorkel day-stop. Chatham: Sunn Dipp open, Tenuta resort rebuilding & offering clearance (~EC\$100).	Sandy Island's north reef still recovering. Chatham beach bars "returning under makeshift conditions" — confirm which are open.

Clearance has changed since 2020 — and it's simpler

THE SYSTEM

SailClear replaced eSeaClear

A single mandatory pre-arrival portal used by **both SVG and Grenada**. Register the crew and vessel online, then present at the C&I office. **US\$25/year** flat (since May 2024), unlimited clearances across participating countries.

● REGISTER BEFORE YOU FLY

SMARTEST CLEAR-IN

Clifton works; Bequia is smoother

Northbound from Grenada, **Clifton** is the natural (if basic, temporary-office) SVG gateway. If your route allows, **Bequia (Port Elizabeth)** is undamaged, best-serviced and the more comfortable option. On the Grenada side, **Port Louis / Prickly Bay** or **Tyrrell Bay** for a northbound border crossing.

ITEM	EC\$	US\$	NOTE VS 2020
SailClear subscription (annual)	~68	~25	New since 2020 — one flat fee
SVG cruise tax — EC\$35 × 8 pax	280	104	2020's ~EC\$140 was the same tax at 2020 headcount
Grenada clearance (customs + nav aids)	~105	~39	Length-based; weekday
Tobago Cays — 1 night, 8 pax (EC\$15pp + EC\$60 mooring)	180	67	Up from ~EC\$45+EC\$10pp; pay online now
Indicative official-fee floor	633	234	Before any overtime
Official fees, crew of 8, ~46–50 ft cat, weekday hours. EC\$2.70 = US\$1. Overtime (after 16:00, weekends) adds ~EC\$35+.			

Three cities, one island, and the once-daily bottleneck.

The crew plan: everyone flies into Grenada Wednesday 14 or Thursday 15, depending on fares. Wednesday is the comfortable play. Thursday only works on a flight that lands **before mid-afternoon** — check-in briefing is ~15:30 and the island legs are once-daily, so a missed Thursday connection means boarding Friday morning at best. Book the return for **Saturday 24 April**; Friday checkout is the morning of the 23rd and the once-daily GND departure leaves no margin for customs, the taxi, and a delay. SEA, PHX and DFW all funnel through the same eastern/southern hubs — **MIA, CLT** (American), **ATL** (Delta), **JFK/BOS** (JetBlue). There is **no West-Coast nonstop** to any of the three islands, and the island legs are **once-daily**. That single fact drives the whole flight plan.

Nonstop mainland service by island

AIRPORT	US NONSTOPS (CARRIER · HUB)	RESILIENCE
GND · Grenada round-trip base	American MIA (daily) & CLT (seas.) · Delta ATL · JetBlue JFK (daily), only nonstop BOS	● STRONG – 3 CARRIERS
UVF · St Lucia one-way start	American CLT/MIA · Delta ATL · JetBlue JFK (+BOS seas.) · United ORD seas.	● STRONGEST – MOST FREQUENCIES
SVD · St Vincent wildcard	American MIA (daily exc. Tue) · Caribbean Airlines via POS/BGI	● THIN – AA/MIAMI-CENTRIC

Estimated April 2027 round-trip fares

Economy · shoulder season · USD · ranges, not quotes

SAME-DAY FROM THE WEST COAST?

DFW yes · PHX marginal · SEA red-eye only

The island flight leaves the US hub mid-morning. A normal PHX-MIA lands *after* it's gone. **Overnight at MIA/CLT** converts a fragile connection into a robust two-segment plan.

BAGGAGE — SOFT DUFFELS, EXACTLY RIGHT

If any leg uses SVG Air / interCaribbean turboprops: **44 lb free first bag, 70 lb hard cap** (over → freight, space-available), carry-on **≤13 lb**. Keep each duffel ≤44 lb and split weight across people.

→ THE ARRIVAL RULE — WITH THE DELAY MATH

Wednesday arrivals sleep easy; Thursday arrivals fly the morning bank or gamble the boat briefing. Island legs are once-daily: a missed connection isn't "the next flight in two hours," it's **+24 hours**. A Thursday flier who misses the connection joins the boat Friday at Tyrrell Bay by ferry/SVG Air — possible, expensive, and a bad first day. If the fares are close, take Wednesday.

Templates — DFW: single AA ticket via MIA/CLT, arrive Wed. PHX: fly to MIA, overnight, morning island flight, arrive Tue. SEA: overnight-at-hub (preferred) or SEA-MIA red-eye (high-risk), arrive Tue. For the one-way plan, position via **Barbados (BGI)** on interCaribbean/LIAT and add a buffer day.

Wildcard: SVD (Argyle) as a base or joining point

St Vincent's Argyle airport drops you in the *middle* of the cruising ground — but it's the thinnest air link and none of the three shortlisted operators base there. It earns a place as a **joining airport**, not a primary base.

THE TRADE

Closest to the Grenadines, farthest from a backup flight

SVD is essentially **American via Miami** (daily except Tue), plus Caribbean Airlines one-stop via POS/BGI — one broken thread and there's no same-day alternative. But it's a **short hop to Bequia, Mustique and the Cays**, cutting the Grenada delivery legs entirely.

AS A BASE	AIR RESILIENCE	SAI
UVF · St Lucia ★ our pick	● STRONGEST	Nor Pitc the cha
GND · Grenada	● STRONG · 3 CARRIERS	Sou deli up 1 Gre
SVD · St Vincent wildcard	● THIN · AA/MIA, NO TUE	Cer sho to Bec

Each airport judged as a charter base for this

HOW YOU'D ACTUALLY USE IT

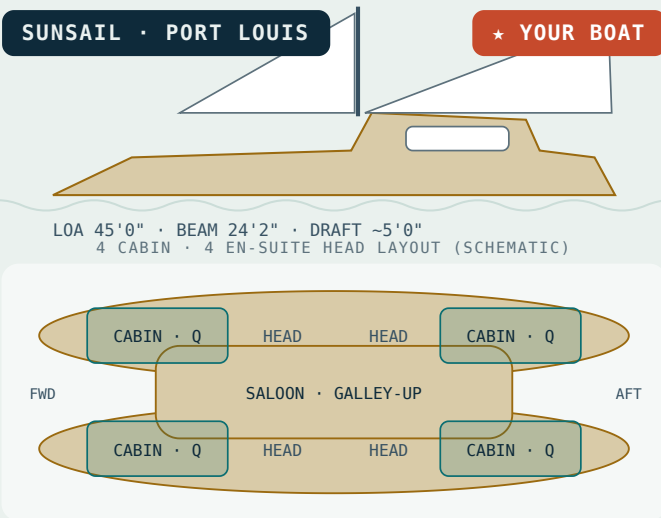

Two ways: (1) fly SVD, then **SVG Air / ferry to Bequia or Union** to meet a boat positioned there; or (2) switch to a **St Vincent-based operator** (e.g. Barefoot, Blue Lagoon) for a pure Grenadines loop — giving up the Moorings one-way and the Pitons.

→ VERDICT ON SVD

Use SVD to join, not to base. It shines only if you abandon the one-way and charter a St Vincent loop, or if a crew member needs the shortest possible path to a boat waiting in Bequia. For the recommended plan it stays a **positioning option** — keep UVF-in / GND-out as the backbone.

The Sunsail 454L — \$10,555, eight nights, all in.

Booked: a **Sunsail 454L** — the Leopard 45 in Sunsail livery — four queen cabins, four en-suite heads, 15–23 April, **\$10,555 total**. It clears every non-negotiable with systems built into the hull, not bolted on. Split eight ways that's **\$1,319 a head** for the week; as six, \$1,759 — the fourth couple is worth \$440 per person before they've bought a single rum punch.

LOA 45'0" • BEAM 24'2" • DRAFT ~5'0"

45'0" LOA	24'2" BEAM	4 / 4 CAB / HEAD	8+2 BERTHS
2×45 HP YANMAR	185 FUEL • GAL	206 WATER • GAL	~5'0" DRAFT

● GENERATOR
● AIR CONDITIONING

● WATERMAKER — CONFIRM ON YOUR HULL

The "L" is the **lounge deck** — an open-air lounge up on the hardtop (helm raised to starboard, not a full flybridge), plus the Leopard signature **forward cockpit** with direct saloon access: two separate outdoor living rooms for the whole crew. Four identical queen cabins with en-suite heads means no cabin-draw drama; the saloon converts for two more if anyone brings a stowaway. Cruising World's Best Charter Boat when the Leopard 45 launched in 2017.

Water math at full house: 206 gal ÷ 8 crew ≈ 3 days of comfortable use without the watermaker — with it, showers stop being political. That's why it stays a non-negotiable worth confirming in writing.

The non-negotiables — all cleared

REQUIRES GENERATOR

Watermaker

LEAST-GUARANTEED — VERIFY PER HULL

▲ ONE PAPERWORK CHECK — "545L" ISN'T A MODEL NAME

Your confirmation reads "**SS 545L**", but no 545L exists in the Sunsail (or Moorings) fleet — Sunsail's 4-cabin catamaran at Port Louis is the **454L** (Leopard 45), and every spec in this guidebook assumes it. Two minutes with Sunsail to confirm the model name on the contract — and that **your specific hull carries the watermaker** (Classic-tier 454s sometimes don't) — closes the only open question about the boat.

Nine days, ~151 miles, one full moon.

The locked route: north through the Cays to Mustique and Bequia on short lee-side hops, then home on the moon — Romeo's lobster barbecue under the **20 April full moon**, Sandy Island, and a sculpture-park finale. Times shown for the 454L at 6.5 kn under sail and 8 kn motoring; add 15-20% for mooring pickups and reef pilotage. The two ~30 nm crossings (Days 2 and 8) are the only legs you plan around the forecast.

15

APR 2027

NIGHT 1 · MARINA

Check-in, briefing, stow the rum

PORT LOUIS MARINA · 0 NM · CHART BRIEFING ~15:30 · CHARTER STARTS 18:00

Land legs today. The Real Value IGA order (placed online) lands dockside around noon; Foodland on the Lagoon sits directly opposite the marina with its own dinghy dock for anything forgotten. Chart briefing mid-afternoon, boat handover, then the first sundowner on your own lounge deck. Sleep aboard — lines off 08:00 tomorrow.

DINNER

Patrick's Local Homestyle — directly opposite the marina entrance; ~20-dish parade of oil down, callaloo and the rest of the national cookbook. Book: +1 473 440 0364. In-marina fallback: Victory Bar & YOLO.

PRACTICAL

SailClear pre-filed · EC\$ cash drawn (customs is cash-only) · watermaker & genset walkthrough during handover — make them run both.

FRI

16

APR 2027

NIGHT 2 ·
TYRRELL
BAY

North to Carriacou, west of the volcano

PORT LOUIS → TYRRELL BAY · 33 NM · SAIL ≈ 5H05 @6.5KN · MOTOR ≈ 4H10 @8KN

The big northbound day. Motor-sail Grenada's lee coast to Sauteurs, then the 15 nm open crossing — stay west of Kick 'em Jenny's exclusion zone (alert level checked this morning). Anchor in 10 ft over mud on Tyrrell Bay's south side and walk up to the marina office to clear out of Grenada (24-hour rule starts; you sail tomorrow).

DINNER

Las Iguanas at Carriacou Marine (confirmed open post-Beryl) or Lambi Queen — Sherwin's conch. Lazy Turtle & Slipway: status unconfirmed, hail on VHF before dinghying over.

SWIM STOP

Anse La Roche, Carriacou's NW pocket beach, on the way in if the crossing was quick.

SAT

17

APR 2027

NIGHT 3 ·
TOBAGO
CAYS

Border day — into the marine park

TYRRELL → CLIFTON (CLEAR IN) → TOBAGO CAYS · 16 NM · SAIL ≈ 2H30 · MOTOR ≈ 2H00

Short hops with paperwork. Into Clifton behind Newlands Reef, clear into SVG at the temporary customs office in the Bougainvilla complex (EC\$35/head cruise tax, cash), lunch at anchor, then the last 6 nm into the Cays. Pick up a park mooring behind Horseshoe Reef (EC\$60 + EC\$15 pp/day, pre-payable online) and get in the water at Baradel before the afternoon light goes — the turtles clock off around five.

DINNER

Aboard tonight — grill on the rail, boat-boy baguettes in the morning. Save the beach BBQ for Tuesday's full moon.

SNORKEL

Baradel turtle sanctuary, then the outer face of Horseshoe Reef if the trades are gentle.

SUN

18

APR 2027

NIGHT 4 ·
MUSTIQUE

Mustique Sunday — jazz at Basil's

CAYS → BRITANNIA BAY, MUSTIQUE · 18 NM · SAIL ≈ 2H45 · MOTOR ≈ 2H15

One more dawn swim at Baradel, then a glorious reach past Canouan to the island of the mustn't-be-named. Pick up your pre-booked mandatory mooring (the ~US\$200 permit covers three days). Mule up to Macaroni Beach for the afternoon, then it's Basil's Bar — and Sunday is **Sunset Sessions jazz night**. Firefly will collect you from the yacht dock if you book the second act.

DINNER

Basil's Bar over the water (reserve — Sunday jazz). Budget option the locals use: The View in Lovell Village. Splash-out: Firefly, pickup from the dock.

MORNING

Sweetie Pie Bakery dinghy run for croissants before you sail.

MON

19

APR 2027

NIGHT 5 ·
ADMIRALTY
BAY

Shortest day — Bequia by lunch

MUSTIQUE → ADMIRALTY BAY, BEQUIA · 12 NM · SAIL ≈ 1H50 · MOTOR ≈ 1H30

Ninety minutes of easy water to the finest harbour in the chain — and the trip's northern turn-around. Ball or anchor off Princess Margaret Beach, drop the laundry with Daffodil (they deliver it back to the boat), and give the afternoon to the Belmont Walkway: model-boat shops, the cliff path to Princess Margaret Beach, Jack's for a sundowner on the sand. Top up perishables at Doris Fresh Foods.

DINNER

Mac's Pizza — the lobster pizza is the order, since 1980. Alternatives: Fig Tree (family-run creole), Whaleboner (bar built from a whale's jawbone), Bagatelle at Friendship Bay if you want linen.

NOTE

Frangipani's famous Thursday jump-up doesn't fit this routing — Tuesday's full-moon BBQ in the Cays is the trade, and it's the right one.

TUE
20

APR 2027

NIGHT 6 ·
TOBAGO
CAYS

Full moon over the Cays — Romeo's night

BEQUIA → TOBAGO CAYS · 22 NM · SAIL ≈ 3H25 · MOTOR ≈ 2H45 · FULL MOON

The marquee day. A proper trade-wind reach back south past Canouan into the park, mooring up mid-afternoon for one more turtle session. Then Romeo's crew ferries the whole gang to Petit Bateau for grilled lobster on the beach — booked weeks ago for tonight — as the **full Pink Moon** rises out of the Atlantic over Horseshoe Reef. April is inside lobster season (it closes 1 May). This is the photograph the whole trip was for.

DINNER

Romeo's Lobster BBQ, Petit Bateau — VHF "Romeo" / WhatsApp +1 784 532 9822 — give them the final headcount. Vendors Free Willy or Kojak are the fallback if Romeo's full.

AFTER

Moonlit dinghy drift back; the reef glows. No shore lights for miles.

WED
21

APR 2027

NIGHT 7 ·
TYRRELL /
SANDY I.

Sandy Island, and back into Grenada

CAYS → CLIFTON (CLEAR OUT) → SANDY ISLAND → TYRRELL · 16 NM · SAIL ≈ 2H30 · MOTOR ≈ 2H00

Paperwork early: out of SVG at Clifton (rum punch at Happy Island on the way out if Janti's rebuild is pouring — hail on VHF), then across to Carriacou. Clear back into Grenada at Tyrrell Bay, then double back 1.5 nm to Sandy Island's park moorings for the afternoon — a palm-tufted sandbar with the waning-gibbous moon rising over it. Paradise Beach Club (reopened post-Beryl) runs a free water taxi from Sandy Island for dinner ashore.

DINNER

Paradise Beach Club, L'Esterre — water taxi from Sandy Island; +1 473 404 0415. Or back in Tyrrell: Las Iguanas / Lambi Queen again, or Green Roof Inn (reserve: info@greenroofinn.com).

OVERNIGHT CALL

Settled forecast: stay on the Sandy Island ball. Any north in the swell: back to Tyrrell's all-weather mud.

THU
22

APR 2027

NIGHT 8 ·
DRAGON
BAY

The crossing home, sculptures at golden hour

TYRRELL → DRAGON BAY, GRENADA · 30 NM · SAIL ≈ 4H35 · MOTOR ≈ 3H45

Dawn start for the southbound crossing — same Kick 'em Jenny offing, morning trades on the beam, then the flat lee-coast run down to Dragon Bay. Anchor over sand and snorkel the **Molinere Underwater Sculpture Park** in the late light, when the day boats have gone and the statues stand in gold. Toast the last full night aboard.

DINNER

Aboard — cook through the fridge; the galley-up saloon earns its keep one last time. (If the base requires a Thursday-evening dock return — confirm at check-in — berth at Port Louis instead and walk to BB's Crabback.)

CONTINGENCY

Forecast turning? Skip Dragon Bay, run Tyrrell → Port Louis direct (33 nm) and take the marina night.

CHECK-OUT

FRI
23

APR 2027

Hand-back — dock by 08:30

DRAGON BAY → PORT LOUIS · 4 NM · MOTOR ≈ 0H30 · DEBRIEF BY 11:00

One last dawn swim over the sculptures if the crew can be woken, then 30 minutes down the coast. Top up at the Sol fuel dock inside Port Louis (opened 2025 — no jerry-can drama), boat handed back and debriefed by 11:00. Taxis to Grand Anse for the recovery night; flights home Saturday the 24th.

LAST LUNCH

Umbrellas or Coconut Beach on Grand Anse — toes in the sand, Carib in hand, trip debrief.

TIP

Base cleaner \$20-50 if the boat comes back loved. Keep EC\$20/head for the airport departure formalities Saturday.

▲ THE TWO FLEX POINTS — DECIDE ON THE BOAT, NOT AT THE DOCK

If Mustique's moorings are full for Sunday: day-stop it (lunch + Macaroni Beach + early Basil's) and overnight at Canouan — Shenanigans at Glossy Bay takes OpenTable bookings; rejoin the plan in Bequia Monday. **If the forecast sours for Thursday's crossing:** leave Sandy Island Wednesday night alone, position to Tyrrell, and take the direct 33 nm run to Port Louis Thursday with the marina night.

Why no St Vincent mainland, and why Bequia is the turn: forum consensus and the charter-day math agree — Bequia→Grenada is ~100 nm of southing; pushing further north than Admiralty Bay on an 8-night round trip converts the back half of the trip into deliveries. This route keeps every day under 5.5 sailing hours.

Where to eat, who's confirmed open, and who to call.

Statuses reflect mid-2026 research, ~33 months post-Beryl: ● OPEN verified operating · ● CONFIRM likely but check ahead · ● UNCERTAIN status unknown, have a plan B. Price bands per head with drinks: \$ under US\$20 · \$\$ 20–40 · \$\$\$ 40–75 · \$\$\$\$ 75+.

Grenada		NIGHTS 1 & 9 • ST GEORGE'S / GRAND ANSE	
Patrick's Local Homestyle \$\$ ● OPEN		Tapas-parade of ~20 local dishes — the oil down (national dish) benchmark. Directly opposite the Port Louis Marina entrance; slow scratch cooking, settle in. Book: +1 473 440 0364	
BB's Crabback \$\$\$ ● OPEN		Chef Brian Benjamin's waterfront room looking back at the marina; the crabback (baked crab in shell) and callaloo soup are the orders. Give notice for a party of 8. bbscrabbackrestaurant.com	
Victory Bar & YOLO Sushi \$\$ ● OPEN		In-marina pair: thin-crust pizza and steaks at Victory (Friday Texas BBQ night, live music Saturdays), sushi next door. Zero-effort Night 1.	
Umbrellas • Coconut Beach \$-\$\$ ● OPEN		Grand Anse double act for the last lunch: burgers and fish tacos at Umbrellas (no reservations), Lambie Calypso creole at Coconut Beach on the sand.	
Dodgy Dock (True Blue Bay) \$\$ ● OPEN		Wednesday Street Food Night with vendors + live music — worth a taxi if you add a Prickly Bay night.	

Carriacou

NIGHTS 2 & 7 • TYRRELL BAY / PARADISE BEACH

Las Iguanas \$\$ ● OPEN

At Carriacou Marine — breakfast through dinner, pizzas; the reliable post-Beryl anchor of the bay.

Lambi Queen \$\$ ● OPEN

Sherwin's conch specialist, operating post-Beryl; the lambi is the point.

Paradise Beach Club \$\$ ● OPEN

L'Esterre, facing Sandy Island — reopened Sept 2024, live music, and a free water taxi to/from Sandy Island: your Night 7 dinner solution.

+1 473 404 0415 • paradisebeachclub16@gmail.com

Green Roof Inn \$\$\$ ● OPEN

Small inn north of Hillsborough, organic/local seafood, ocean-view dinners. Taking 2026 bookings.

info@greenroofinn.com

Lazy Turtle • Slipway \$\$ ● UNCERTAIN

The 2020 favourites: Lazy Turtle's thin-crust and the boatyard Slipway. Slipway's site says "temporarily closed"; both need a VHF check before dinghying over.

Union Island

DAY 7 CLEARANCE STOP • CLIFTON

Happy Island \$ ● CONFIRM

Janti's conch-shell islet in Clifton harbour — the rum punch institution. Rebuilding post-Beryl on GoFundMe energy; hail on VHF as you clear out.

Bougainvilla \$\$ ● CONFIRM

Pizzas, pasta and lobster overlooking the harbour — same complex as the temporary customs office, so lunch and paperwork share a dinghy ride.

Sunn Dipp • Chatham Bay \$ ● CONFIRM

Survived Beryl and rebuilding "under makeshift conditions" — fresh fish if your flex plan adds a Chatham stop. Seckie & Vanessa's status unknown.

Tobago Cays & Mayreau

NIGHTS 3 & 6 • THE MARINE PARK

Romeo's Lobster BBQ \$\$\$ ● OPEN

THE booking of the trip: grilled lobster, sides and rum punch on Petit Bateau, party of 6–8, Tuesday 20 April — under the full moon. They ferry you from the boat and back after dark. April is inside lobster season (closes 1 May).

VHF "Romeo" • WhatsApp +1 784 532 9822

Free Willy • Kojak • Alphonso \$\$\$ ● OPEN

The other vendor crews working the mooring field — greet you on arrival; solid fallbacks if Romeo's beach is full.

Robert Righteous & De Youths \$\$ ● CONFIRM

Mayreau's legendary rasta-decor creole joint, rebuilding since Beryl — check if you day-stop Salt Whistle. Dennis' Hideaway at Saline Bay is the long-standing alternative.

Mustique

NIGHT 4 • BRITANNIA BAY

Basil's Bar \$\$\$\$ ● OPEN

The over-water icon. Your night is **Sunday — Sunset Sessions jazz**; Wednesday's Jump-Up (dinner 18:00, band 21:30) doesn't fit the routing. Reserve; budget ~\$75+/-head with drinks.

basilsbar.com

Firefly Mustique \$\$\$\$ ● OPEN

Hillside hotel bar-restaurant that genuinely welcomes yachties — they'll collect you from the yacht dock. Home of the Mustique Martini Club.

[Reserve ahead](#)

The View \$ ● OPEN

Lovell Village canteen where the island's staff actually eat — local fish, BBQ nights, the best cheap dinner on a very expensive island.

Sweetie Pie Bakery \$ ● OPEN

Croissants and fresh bread in Lovell Village — the Monday-morning dinghy mission before you sail for Bequia.

Mac's Pizza & Kitchen \$\$ ● OPEN

Brick-oven thin crust on the Belmont Walkway since 1980 — the lobster pizza is the trip's most defensible tourist cliché.

Frangipani \$\$ ● OPEN

Waterfront institution; happy hour 17:00–19:00. Its famous Thursday steelband jump-up misses your Monday — a reason to come back.

Jack's Beach Bar \$\$\$ ● OPEN

On Princess Margaret Beach — sundowners on the sand after the cliff-path walk; water taxi home.

jacksbeachbar.com

Fig Tree • Whaleboner \$-\$\$\$ ● OPEN

Family-run creole next to Mac's; and the bar built through a whale's jawbone with vertebrae barstools.

Daffodil Marine \$ ● OPEN

Not dinner — logistics: 20+ years of laundry, water and fuel delivered to anchored yachts, plus their dockside Open Deck bar while you wait.

◆ THE THREE TABLES TO BOOK BEFORE YOU FLY

1. Romeo's for Tuesday 20 April (full moon, party of 8 — WhatsApp from mid-March). **2. Basil's** for Sunday 18 April (Sunset Sessions jazz — book with the mooring). **3. Patrick's** for Thursday 15 April (first-night oil down, opposite the marina — call the week before). Everything else works as walk-ins or a morning VHF hail.

Your week sits in the sweet spot.

After the Christmas Winds, before the rains and hurricane season. Steady E/ENE trades, dry, warm water. The two channel crossings are the only legs you plan *around* the forecast.

FULL "PINK" MOON
2027

The season, month by month

Reinforced trades ease into the April window, then the rains build

YOUR DATES – 15–23 APRIL 2027

You booked the best week of the month

Solidly late dry season, clear of Easter (Sun 28 Mar), ahead of the late-April convective uptick — and the **full moon lands Tuesday 20 April, mid-charter**. The waxing moon brightens every night of the homeward run: moonlit dinghy rides in the Cays, a silver Sandy Island, and light for the dawn Carriacou→Grenada start.

PLAN THESE TWO AROUND THE FORECAST

The channel legs

Bequia Channel — short, steep, wind-against-current, 1–2 m on the beam; often the roughest of the trip. **Carriacou→Grenada** — 33 nm, more into the trades, start on the morning breeze. Reef early; both are fine for a competent crew on a settled day.

▲ KICK 'EM JENNY — LIVE HAZARD, STANDING EXCLUSION ZONE

The submarine volcano ~5 nm N of Grenada sits at **Alert Yellow** (its permanent baseline — it can't be seen and can erupt without warning) as of 2026; a brief seismic swarm in Aug 2025 stayed Yellow. A **1.5 km exclusion zone is always in force** (5 km at higher alerts). Escaping gas can also sink a boat by cutting water density — this is a keep-clear, not just an eruption risk.

Routing: run up Grenada's calm lee coast to **Sauteurs**, then cross — staying west/seaward of the zone; don't cut between the volcano and Île de Ronde. **Re-check the UWI-SRC / NaDMA alert level the morning you sail north** and widen your offing to 5 km if it's above Yellow.

The boat is paid.
Here's what the rest
costs — as six or eight.

Currency is easy: the **EC\$ is pegged at 2.70 to US\$1** and hasn't moved since 1976 — US dollars are accepted almost everywhere. The charter is a fixed **\$10,555**, so the only real variables left are the crew count and the spending style. Provisioning remains the honest swing: up ~35-45% on your 2020 numbers.

WHAT COUPLE #4
SAVES EVERYONE

LINE · PER PERSON	AS 6	AS 8
Charter v \$10,555 locked	1,759	1,319
Flights to GND E	~800	~780
On-water E	~780	~250
Hotels · 2 nts E	~250	~210
Trip total / person	~3,590	~3,090
Group total	~21.5k	~24.7k
Per person, comfortable style. Lean ≈ \$3,120 / \$2,630 · Send-it (Basil's, Firefly, more nights ashore) ≈ \$4,210 \$3,670. On-water = provisioning, moorings, fuel, customs, meals, Romeo tips.		

On-water line items — 2020 baseline vs 2026

ITEM	YOUR 2020	2026	US\$	TAG
Bequia mooring	EC\$60	EC\$50–60	~20	V
Tobago Cays mooring + park (per night)	EC\$45 + EC\$10pp	EC\$60 + EC\$15pp	56–67 6–8 pax	V
Mustique mooring (mandatory, limited)	EC\$210	~US\$200 / 3-day permit	~67/nt	E
Tyrrell Bay mooring	—	boat-boy ball	~20	V
Salt Whistle / Chatham	—	anchor free	0	V
Provisioning (8 nights)	baseline (6 pax)	+35–45% inflation	1,800 as 6 – 3,300 as 8, send-it	E
Diesel (fuel in Grenada — cheaper)	—	Gnd ~\$4.30 · SVG ~\$6.02/gal	150–300	V
Romeo lobster beach BBQ (pp)	\$30–40	\$40–55	40–55	V
Basil's Bar dinner, whole crew (send-it night)	—	~\$75+ pp w/ drinks	400–650	E
Per-night / per-event unless noted. EC\$2.70 = US\$1. V verified-current · E estimated.				

Provisioning strategy holds: your proven DIY approach still wins — bulk-shop at **IGA / Food Fair, St George's** (largest, cheapest), top up perishables at **Doris Fresh Foods / Knights Trading, Bequia**, and have water/beer delivered. On a true bareboat there's no crew to tip; budget **\$5–20** for boat-boy help and **\$20–50** for the base cleaner.

Counting down to Thursday 15 April 2027.

The boat is locked. What remains is flights, three phone calls, and the pre-departure drill — each with a real date attached.

NOW • Jul 2026

Flights & insurance — the schedules are already loaded

April 2027 inventory is bookable now. Fly in **Tue 13 Apr (SEA/PHX)** / **Wed 14 Apr (DFW)**, home **Sat 24 Apr** (the once-daily GND departure makes a Fri-checkout-to-Fri-flight sprint a bad bet). Book the Grand Anse / Port Louis hotel for the buffer nights and Fri 23 Apr. If not already done at deposit, add the **Cancel-For-Any-Reason rider** and get Sunsail's Flex/refund-credit terms in writing. Register **SailClear** (\$25/yr).

Jan 2027 • ~90
d

Final payment lands — and cabin 4 closes

Sunsail balances typically fall due **~90 days out (~ mid-January 2027)** — confirm your exact date and make sure the insurance is active before it. **Decide couple #4 by now** so flights, provisioning and Romeo's headcount are real numbers. Ask the base to note your **watermaker + A/C briefing** and any pre-order items (SUP, snorkel gear for 8, extra fuel jugs).

Jan–Feb 2027

Reserve the Mustique mooring — it's limited

Only ~30 balls, mandatory, April is peak — and you need **Sunday 18 April**. Contact the Harbour Master (Slick Berris +1-784-488-8363); the ~US\$200 permit covers 3 days, so a second Mustique night costs nothing extra if the weather argues for it. Line up the **provisioning plan** (Sunsail package or IGA delivery to the dock for Thu 15).

Mid-Mar 2027

Book Romeo for the full-moon night & pre-pay park fees

Message **Romeo's BBQ** (WhatsApp +1-784-532-9822) for **Tuesday 20 April** — lobster on Petit Bateau under the full moon — final headcount when you book. Pre-pay Tobago Cays fees at **tcmp.reefsupport.org** (two nights, final headcount). Re-confirm the flagged venues: Lazy Turtle / Slipway (Carriacou), Happy Island (Union), Salt Whistle spit status.

Apr 1–14 2027

● Final provisioning, forecast & hazard check — then fly

Finalize the grocery order for dockside delivery Thu 15. Pull marine forecasts (PassageWeather / Windy) for the two ~30 nm crossings (**Fri 16** north, **Thu 22** south). **Re-check the UWI-SRC / NaDMA Kick 'em Jenny alert level** and CSSN/Noonsite bulletins. Weigh every duffel to ≤ 44 lb. Wednesday fliers sleep at Grand Anse; Thursday fliers take the morning bank and come straight to the marina.

Thu 15 Apr

● Check-in ~15:00 · Port Louis Marina

Boat and chart briefing, provisioning stowed, dinner in St George's or at the marina, Night 1 alongside. **Lines off 08:00 Friday.** Seven years late, right on time.

Confirm-before-departure shortlist: Sunsail base check-in time & sleep-aboard details for Thu 15 Apr · Mustique mooring availability & current price · Salt Whistle Bay spit condition · fuel at Petite Martinique (assume none) · Lazy Turtle / Slipway / Palm Beach / Happy Island operating status · SVG diesel price (2026 cap may lift) · Kick 'em Jenny alert level at departure · current security & sargassum bulletins.

Grenadines Charter Guidebook · 15–23 April 2027 · Sunsail 454L out of Port Louis

Prepared as the crew guidebook for a booked charter. Prices tagged **VERIFIED** reflect published 2025–26 rates; **EST** figures are planning estimates and must be re-confirmed at booking. The East Caribbean dollar (XCD) is pegged at **EC\$2.70 = US\$1**. Hurricane season runs Jun 1–Nov 30; April sits safely outside it.

Do your own final verification before committing funds. Charter fleets, mooring fees, customs schedules and flight routings change; Beryl recovery is ongoing. This dossier flags what was current at research time (mid-2026) and what still needs a phone call. Sea conditions and volcanic-hazard status must be checked against live NaDMA / UWI-SRC and marine forecasts before departure.
